

Welcome to our office! Thank you for choosing us to provide your dental care. We look forward to meeting you at your first appointment. Please fill out the following forms and bring them with you to your first appointment along with any insurance information. If your list of medications is extensive, jot them down on a separate piece of paper.

Ours is a people-oriented dental practice, so we are excited about getting to know you personally and having you join our dental family. We provide general dental care, as well as cosmetic dentistry to the entire family.

During your upcoming visit, your teeth will be cleaned by one of our licensed dental hygienists; a professional dedicated to helping you maintain your oral health. All areas of your mouth will be thoroughly examined. This process will include a detailed examination of the teeth, soft tissues, supporting structures, bite and more. A complete set of x-rays will be taken, unless you have a complete set of current films with you. All the information we obtain will be carefully evaluated so that we may accurately assess your dental needs. Our recommendations will be based on the goal of your receiving maximum life for your natural teeth. Your visit will include an examination with the doctor, as well as a consultation on the same day or at a separate visit, regarding any immediate or long-term dental needs.

We appreciate your expression of confidence and welcome the opportunity to extend the same level of treatment and service to your friends and family that you will come to expect from us. It gives us great satisfaction to know that our patients believe in our services enough to recommend us to others. Please let us know if we meet or exceed your expectations!

Respectfully,

A handwritten signature in dark ink, appearing to read 'Bartoo E. Martin', with a large, sweeping flourish extending to the right.

Bartoo E. Martin, DDS
